The leaves are changing, the harvest is in, and it's time for this year's National Meeting. The planning committee worked throughout this year putting together a program of workshops, poster presentations, town meetings, and plenary sessions to fully support the conference theme: *Harvesting Ideas for Safe and Healthy Campuses: Effective Strategies Built on Research and Practice* and help you build and reinvigorate your prevention programs. We look forward to new ideas, raising challenges, and sharing strategies with all our friends, old and new alike.

Gerry Johansen, Binghamton University
Co-Chair, 2007 National Meeting

We also would like to encourage you to harvest your prevention dreams while in Omaha. To quote theologian Dom Helder Camara, "When we are dreaming alone it is only a dream. When we are dreaming with others, it is the beginning of reality." We can see our prevention dreams realized! See you all in Omaha!

Diane Berty, East Central University
Co-Chair, 2007 National Meeting
