The 22nd Annual National Meeting on Alcohol and Other Drug Abuse and Violence Prevention in Higher Education and the National Forum for Senior Administrators, the premiere event for higher education professionals, will focus this year on *Ensuring the Safety and Well-being of Our Students: Widening the Lens of Prevention*. This theme reinforces the wide array of issues that face college campuses in prevention today, including alcohol and other drug abuse, violence, mental health, and emergency preparedness and management. The National Meeting's plenary sessions, workshop and poster sessions, and town meetings will highlight the need for campus- and community-based practitioners to use evidence-based prevention and early intervention strategies in preventing alcohol and other drug abuse and violent behavior among college students and ensuring the health and safety of all students on campus.

**REMINDER: Early Bird Registration for NM08 ends October 14!**
